What is ‘Checking In’?

‘Checking in’ is a great way for you to share your event experience both with fellow attendees as well as with the event’s Speakers, Sponsors, and Exhibitors.

Check-Ins made by you and your fellow attendees will show in the app’s Activity Feed, which shows you what’s trending at the event.

Check in to the sessions you’re attending, speakers you’re listening to, and exhibitors’ booths you’re visiting! Including photos and comments in your Check-Ins is a great way to showcase your experience and provide valuable feedback. You may even earn points for these actions, too!
