# 1. DIVERSION AND ALTERNATIVES TO ARREST

- **CIT and CIT-type training for patrol officers, dispatchers, and first responders**

- **Increase crisis services and capacity and systemic ease of use**

- **Community outreach to reduce law enforcement involvement**

## WHAT DATA SHOULD BE CONSIDERED?

- How many arrests are being made for non-violent crimes?
- How many arrests are being made of people with mental illness?
- What alternatives to calling the police exist for families/friends of people with mental illness?

## WHO SHOULD BE AT THE TABLE?

- Law Enforcement (choose to divert, not arrest)
- ADAMH / community providers (divert to where?)
  - Prosecutor / City Attorney (charge standards)
  - City Council (ordinance changes, cite & release)

# 1. DIVERSION AND ALTERNATIVES TO ARREST

- **CIT and CIT-type training for patrol officers, dispatchers, and first responders**

- **Increase crisis services and capacity and systemic ease of use**

- **Community outreach to reduce law enforcement involvement**

A background image showing a police officer in a dark uniform standing on a city street. The officer is partially obscured by a light-colored jacket in the foreground. In the background, there are buildings, a red car, and a white car. The image is used as a backdrop for three text boxes.

Currently 647 of 2793 patrol officers (23%) across 29 LE agencies  
Agencies range from 95% to 0% trained, average 35%.

Currently 77 of 305 dispatchers (25%) across 20 agencies  
Agencies range from 86% to 0% trained, average 21%.

CPD patrol and FCSO patrol and corrections full members of  
planning efforts. CIT numbers above reflect a nearly two-fold  
increase in participation over past 18 months.

## 2. PRE-ARRAIGNMENT AND PRE-TRIAL

- **Brief mental health screening and risk assessments**
- **Alternatives to incarceration for low-risk non-violent offenders**
- **Court-based ADAMH and FCDJFS liaisons**
- **Enhanced use and efficiency of specialty dockets**

### WHAT DATA SHOULD BE CONSIDERED?

- How many detainees are being screened for possible MH issues?
  - How many pre-trial offenders are in the jail?
- How many pre-trial offenders have identified mental illness?
- What is the average length of pre-trial stay for those with and without mental health issues?

### WHO SHOULD BE AT THE TABLE?

- Law Enforcement (booking/screening/intake medical)
- Arraignment court (assessment/evaluation/alternatives)
  - ADAMH (if not jail, then where? with what supports?)
- Prosecutor/City Attorney/Public Defender (specialty dockets)

## 2. PRE-ARRAIGNMENT AND PRE-TRIAL

- **Brief mental health screening and risk assessments**
- **Alternatives to incarceration for low-risk non-violent offenders**
- **Court-based ADAMH and FCDJFS liaisons**
- **Enhanced use and efficiency of specialty dockets**

All incoming inmates assessed via BJMHS at intake; flagged inmates referred for further evaluation. Initial assessment data shared with probation, ADAMH provider, jail medical team.

Eligible offenders (criminal misdemeanors excluding DV, OVI, accompanying felonies) screened by municipal probation and ORAS-PAT scores shared at arraignment.

Arraignment judges are concurring with probation recommendations regarding bail 35-40% of the time, with higher concurrence for lower-risk inmates. Judges' use of ROR, or ROR with pre-trial services and conditions are increasing in frequency. Average length of stay for those given ROR (with or without PTS) is 5 days vs 12 days for those given cash bond or other options.

### 3. RESTORATION WHILE INCARCERATED

- Needs assessment and special population housing units

- Train 50% of corrections deputies in CIT

- Comprehensive medical care and continuity of formulary

- Reentry plan with post-release connection to resources

#### WHAT DATA SHOULD BE CONSIDERED?
