

Unlock the full potential of retirement plans

Discover the advantages of today's lifetime income solutions

Important things you should know

- Not a deposit • Not FDIC or NCUSIF insured • Not guaranteed by the institution
- Not insured by any federal government agency • May lose value

This material is not a recommendation to buy or sell a financial product or to adopt an investment strategy. Investors should discuss their specific situation with their financial professional. Investing involves market risk, including possible loss of principal, and there is no guarantee that investment objectives will be achieved.

Provisions of these options may vary based on plan selection and/or by state regulation. These investment options may not be available in all states. Guarantees are subject to the claims-paying ability of the issuing insurance company.

| Getting on the same page

Belief:

These solutions will lock up participants' money

Reality check:

- No annuitization required
- Access to lump sums continues
- Remaining balance is inheritable

Belief:

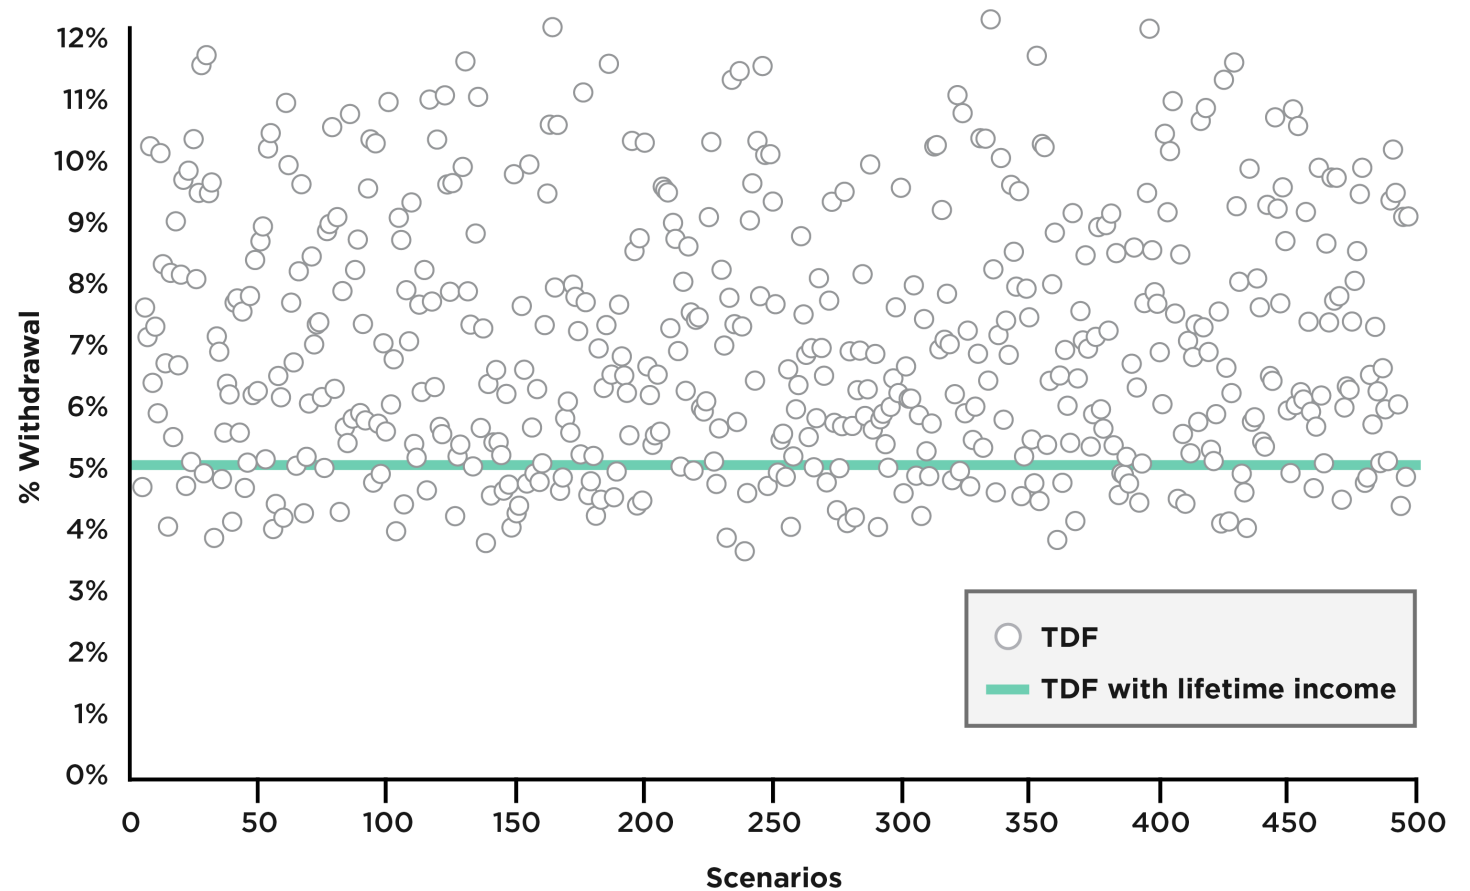

Employees can use existing rules of thumb such as the 4% rule

Reality check:

A target date fund with lifetime income provides more certainty

Source: "Protected retirement income solutions: What plan sponsors need to know about a new generation of offerings," Ernst & Young LLP, 2024.

Withdrawal amounts (%) required to match TDF with lifetime income dollar amounts

Source: EY analysis

79% of scenarios require a withdrawal rate higher than 5% to receive the same income as the lifetime income fund.

**Delayed participant retirement
costs plan sponsors \$26K per
year per employee¹**

¹ Protected retirement income solutions: What plan sponsors need to know about a new generation of offerings," Ernst & Young LLP, 2024.

The potential value of lifetime income solutions¹

1. Reduced compensation and benefit costs as employees retire on time
2. The plan benefits from lower administrative fees resulting from an increase in asset retention
3. Lifetime income solutions can lead to higher participant satisfaction

¹ "Protected retirement income solutions: What plan sponsors need to know about a new generation of offerings," Ernst & Young LLP, 2024.

Your plan's opportunity

- Maintain competitive advantage in hiring
- Support the long-term financial security of employees
- Support healthy talent pipeline
- Reduce benefits costs

Thank you!

Disclosures

Income America Disclosures:

The Income America Funds are Great Gray Trust Company, LLC Collective Investment Funds ("Great Gray Funds"), which are bank collective investment funds; they are not mutual funds. Great Gray Trust Company, LLC ("Trustee") serves as the Trustee of the Great Gray Funds and maintains ultimate fiduciary authority over the management of, and investments made in, the Great Gray Funds. Great Gray Funds and their units are exempt from registration under the Investment Company Act of 1940 and the Securities Act of 1933, respectively.

Investments in the Great Gray Funds are not bank deposits or obligations of and are not insured or guaranteed by Great Gray Trust Company, LLC, any bank, the FDIC, the Federal Reserve, or any other governmental agency. The Great Gray Funds are commingled investment vehicles, and as such, the values of the underlying investments will rise and fall according to market activity; it is possible to lose money by investing in the Great Gray Funds.

Participation in Collective Investment Trust Funds is limited primarily to qualified retirement plans and certain state or local government plans and is not available to IRAs, health and welfare plans and, in certain cases, Keogh (H.R. 10) plans. Collective Investment Trust Funds may be suitable investments for plan fiduciaries seeking to construct a well-diversified retirement savings program. Investors should consider the investment objectives, risks, charges and expenses of any pooled investment fund carefully before investing. The Additional Fund Information and Principal Risk Definitions (PRD) contains this and other information about a Collective Investment Trust Fund and is available at www.greatgray.com/principalriskdefinitions or ask for a free copy by contacting Great Gray Trust Company, LLC at (866) 427-6885.

Great Gray and Great Gray Trust Company are service marks used in connection with various fiduciary and non-fiduciary services offered by Great Gray Trust Company, LLC.

The Trustee has appointed American Century Investment Management, Inc. as Glidepath Manager to the Income America Funds to assist it in connection with providing strategic asset allocations for each of the vintages of the Income America Funds. American Century Investments® provides underlying sub-asset class management and target date glide path management (when applicable) as well as marketing support for Income America.

The Trustee has appointed Wilshire Advisors LLC ("Wilshire") as Sub-Advisor to the Income America Funds to assist it in connection with the investment of assets in the Income America Funds. Wilshire serves as the Investment advisor fiduciary under ERISA 3(21) and is responsible for recommending glide path manager, guaranteed lifetime withdrawal benefit providers, underlying fund products and stable value offerings to the trustee from an investment universe selected by the product consultant for each category.

SS&C provides the Retirement Income Clearing and Calculation Platform (RICC), a middleware application designed to facilitate the efficient distribution and servicing of in-plan guaranteed income products across various recordkeepers and participating insurers. The SS&C RICC platform also calculates and maintains the participant guaranteed lifetime withdrawal benefit values for Income America 5ForLife.

This material is not a recommendation to buy, sell, hold or roll over any asset; adopt an investment strategy; retain a specific investment manager; or use a particular account type. It does not take into account the specific investment objectives, tax and financial condition, or particular needs of any specific person. Investors should discuss their specific situation with their financial professional. Diversification does not assure a profit, nor does it protect against loss of principal.

The Income America 5ForLife funds include a group annuity contract, which provides a plan participant with guaranteed annual retirement income that is supported by a contract between the trustee and the following issuing insurance companies:

- The Lincoln National Life Insurance Company, Fort Wayne, IN. The Lincoln National Life Insurance Company does not solicit business in the state of New York, nor is it authorized to do so. Lincoln Financial is the marketing name for Lincoln National Corporation and its affiliates.
- Nationwide Life Insurance Company, Columbus, OH.

Each fund in the series may invest in a fixed annuity contract issued by Nationwide Life Insurance Company and The Lincoln National Life Insurance Company. This fixed annuity contract is separate from the group annuity contracts issued by the same entities which support the guaranteed annual retirement income.

All contractual guarantees, including those for guaranteed income, are funded from the issuing insurance companies' general accounts and are subject to the claims-paying ability of the issuing insurance company. Neither issuing insurance company is a trustee for any assets held in any of the collective investment funds.

The issuing insurance companies and their affiliates, distributors, respective employees, representatives and/or insurance agents do not provide tax, accounting or legal advice. Please consult your own tax or legal advisor for answers to your specific questions.

All entities listed within this document are separate and nonaffiliated companies.

These investment options may not be available in all states.

The third-party marks and logos listed are the intellectual property of each respective entity and its affiliates.

My Investment Planner (MIP) is a non-discretionary investment advice tool provided to Nationwide Investment Advisors, LLC (NIA) by Wilshire®. Investors are responsible for implementing and maintaining the suggested allocations. Wilshire is a service mark of Wilshire Associates Incorporated, which is not an affiliate of NIA or Nationwide.

Disclosures

NCIT American Funds Lifetime Income Builder Target Date Series:

The Nationwide Collective Investment Trust ("NCIT") is a bank-sponsored collective investment trust ("CIT") and not a mutual fund. The NCIT is composed of individual collective funds including the NCIT American Funds Lifetime Income Builder Series ("Series") of target date funds ("Funds"). Because the CIT is not registered with or required to file prospectuses or registration statements with

the SEC or any other regulatory body, neither one is available. Investors should consult the Offering Memorandum for the Series and carefully consider the investment objectives, risk, charges, and expenses of the Funds before investing. It is possible to lose money by investing in the CIT. Global Trust Company ("GTC"), a Maine Chartered Non-depository Trust Bank, is the CIT Trustee and maintains ultimate fiduciary authority over the management of, and investments made in, the CIT. Nationwide Fund Advisors ("NFA") is an investment advisor to the Series. The CIT is exempt from registration under the Securities Act of 1933, as amended, and the Investment Company Act of 1940, as amended. Neither NFA, nor the Trustee, has any obligation to update this summary. This summary has not been approved by the Securities and Exchange Commission or any other federal or state regulatory agency or foreign securities commission. For further information, qualified plan participants should consult their plan sponsors.

Participation in collective investment funds is limited to qualified defined contribution plans and certain state or local government plans and is not available to IRAs, health and welfare plans, certain Keogh plans, or the general public. Collective funds may be suitable investments for participants seeking to construct a well-diversified retirement savings program, but diversification does not assure a profit, nor does it protect against loss of principal. This material is not a recommendation to buy or sell a financial product or to adopt an investment strategy. Investors should discuss their specific situation with their financial professional. This Series is not available in all states.

Target Date Funds are designed to provide diversification across a variety of asset classes, primarily by investing in underlying funds. In addition to the expenses of the Funds, each investor is indirectly paying a proportionate share of the applicable fees and expenses of the underlying funds. Each Fund is subject to different levels of risk based on the types and sizes of its underlying asset class allocations and its allocation strategy. Although target date portfolios are managed for investors on a projected retirement date time frame, the allocation strategy does not guarantee that investors' retirement goals will be met. Each Fund in the series invests primarily in underlying funds and one of two group annuity contracts issued by Nationwide Life Insurance Company ("Nationwide"), an affiliate of NFA. All contractual guarantees are backed solely by the claims-paying ability of Nationwide. Any participant withdrawals (other than the guaranteed income payments) or loans (if the plan allows) from the Funds will decrease the value used to calculate the guaranteed lifetime income benefit and will therefore reduce future guaranteed income payments. Capital Group manages the underlying American Funds, but the underlying funds and their allocations in the Investment are determined by NFA, subject to the approval of the Trustee.

Key Risks: Each Fund is subject to different levels of risk, based on the types and sizes of its underlying asset class allocations and its allocation strategy. Each Fund's underlying funds may be subject to specific investment risks, including but not limited to: stock market risk (equity securities); default risk and interest rate risk (bonds); currency fluctuations, political risks, differences in accounting and limited availability of information (international securities); and derivatives risk (many derivatives create investment leverage and are highly volatile). Please refer to the most recent Offering Memorandum for a more detailed explanation of the Fund's principal risks. There is no assurance that the investment objective of any fund (or that of any underlying fund) will be achieved or that a diversified portfolio will produce better results than a non-diversified portfolio. Diversification does not guarantee returns or insulate an investor from potential losses, including the possible loss of principal.

Nationwide, Capital Group, home of American Funds, and Global Trust Company are separate and non-affiliated companies.

The third-party marks and logos listed are the intellectual property of each respective entity and its affiliates.

Nationwide and the Nationwide N and Eagle are service marks of Nationwide Mutual Insurance Company.

Disclosures

State Street GTC Retirement Income Builder Series (1 of 2)

• Not a deposit • Not FDIC or NCUSIF insured • Not guaranteed by the institution • Not insured by any federal government agency • May lose value

Investing involves risk including the risk of loss of principal. Such activities may not be suitable for everyone.

Each target date fund in the series is established by Global Trust Company and held in the GTC Retirement Income Builder Collective Investment Trust (the “Trust”). The Trust is a bank-sponsored collective investment trust and not a mutual fund. Global Trust Company serves as trustee of the Trust, manages the Trust, and has ultimate investment authority for each fund in the Series. State Street Global Advisors manages a portion of the solution’s underlying assets and provides Global Trust Company with glidepath recommendations for the funds within the Series.

Lifetime Income Builder is a group fixed indexed annuity with a guaranteed lifetime withdrawal benefit (a “FIA”). Each TDF may invest in more than one FIA, collectively which are referred to throughout this presentation as “Lifetime Income Builder.” Advantage Retirement Solutions, LLC is the inventor of Lifetime Income Builder. The FIA guarantees are made to the trustee of the TDF, not to the participants. Participants are not beneficiaries of any annuity contract. Lifetime Income Builder is not provided by or guaranteed by Global Trust Company, State Street Global Advisors, Advantage Retirement Solutions, LLC or any of their affiliates.

Each fund is designed to provide participants target annual income of 6% at income activation and a target minimum lifetime income percentage of 4.5%. The target percentages are goals and there is no assurance that the funds will be able to make payments that meet either target percentage. All income payments to participants, regardless of the percentage, are always dependent on the trustee.

The funds invest in FIAs that are intended to back the Trust’s investment objectives, lifetime income. Each FIA is issued by an insurance company to the trustee. The FIAs provide guaranteed payments to the Trust and are subject to the claims-paying ability of the issuing insurance companies. If the value of the non-FIA investments in the fund reaches zero at or after income activation, income payments are adjusted to the cumulative guaranteed percentage provided to the Trust by the FIAs, which is targeted by the trustee of the fund to be the target minimum lifetime income percentage of 4.5%. The actual annual income percentage and actual minimum lifetime income percentage are dependent on economic factors and may be more or less than what is targeted. There are possible, but extreme, market conditions where the FIAs’ cumulative guaranteed percentage that is provided to the Trust could be less than 4.5%. Therefore, we use the term “target minimum lifetime income percentage” to properly reflect the potential for such scenario. In that scenario, the FIAs would still provide guaranteed payments to the Trust, but it would be something less than the targeted minimum of 4.5%, and payment of income to the participants would remain dependent on the trustee.

If a participant selects the joint income option offered by the fund, the actual payment percentages will be less than 6% and 4.5%, but instead of income payments terminating upon the death of the participant, income payments will continue to be made to the joint beneficiary if the joint beneficiary outlives the participant.

Disclosures

State Street GTC Retirement Income Builder Series (2 of 2)

Current target annual income and target minimum lifetime income percentages reflect economic conditions at the time each fund is created. Future funds in the series could have lower or higher targeted percentages based on economic conditions at the time of the fund's creation. Please refer to the Offering Memorandum for more information on the risks of not receiving income payments.

The funds are designed for investors expecting a stream of income around the year indicated in each fund's name. When choosing whether to invest in the fund for which an investor's age qualifies, investors should consider whether they anticipate a need for an income stream significantly earlier or later than age 65. There may be other considerations relevant to determining whether investment in the fund best meets their individual circumstances and investment goals. The funds' asset allocation strategy becomes increasingly conservative as it approaches the target date and beyond. The investment risks of each fund change over time as its asset allocation changes.

An investment in a fund is not a bank deposit and is not insured or guaranteed by the insurance companies, the trustee, State Street Global Advisors, the Federal Deposit Insurance Corporation ("FDIC"), or any other government agency. The Trust is not insured by the FDIC and is not registered with the Securities and Exchange Commission.

Each FIA is issued by an insurance company to the trustee. The FIAs do not create any third-party beneficiary relationships or third-party beneficiary rights for any other person or entity. The insurers do not guarantee that participants will receive lifetime income.
