**Welcome by NACo President
The Honorable Greg Cox
Supervisor, San Diego County, Calif.**

8:15am – 10:00am

Opening Session

Key NACo project partners frame the meaning of health equity and the intersections with place at the county level.

The Case for Health Equity

Learn more about the framework behind the concept of health equity and its operationalization.

Health Equity Approaches at the County Level

Hear from counties who are in the process of developing and implementing their own approaches to addressing health equity. County speakers to be announced.

Data Resources at the County Level

Explore data sources available to county officials and staff.

10:00am – 10:15am

Networking Break

10:15am – 12:00pm

Workshop: Identify your Health Equity Priorities Using Location Analytics

Where someone lives, works, and plays has an enormous impact on their well-being. During this workshop, attendees will get a new perspective on the world of health by exploring the power of place and

how geographic information systems (GIS) can be applied to the health and human services mission. Participants will learn about publicly and commercially available data to help identify health equity challenges through a step-by-step process using web-based tools that can be replicated in their own county. Previous programming or mapping experience not required. Participants will gain knowledge of the overall characteristics of their community and prioritize the factors that may be impacting efforts to resolve critical challenges.

12:00pm – 1:00pm
