# U.S. ELECTION ANALYSIS 2020

## INTRODUCTION: 2020 ELECTIONS RESULT IN NEW PRESIDENT, DEMOCRATIC CONTROL OF CONGRESS

**Presidential election:** President-elect Joe Biden will be sworn in as the 46th President of the United States, following a close, contested and highly contentious race against incumbent President Donald Trump. The historic race that flipped the White House for the next four years saw not only the first woman vice president, but also the first female vice president of color. President-elect Joe Biden and Vice President-elect Kamala Harris prepare to assume their respective roles on January 20, 2021. Despite the many obstacles created by COVID-19 and the increasingly tense political environment that has loomed over 2020, this year's elections had among the largest voter turnout in American history, with a projected rate of just over 66.5 percent of eligible, voting-aged U.S. citizens casting their ballots – the highest participation percentage in over one hundred years. Many attribute this record number to increased access to early voting and mail-in ballots, with many states changing their laws to allow for more flexible voting options as a result of the coronavirus.

**Congress:** On January 5, Democrats successfully gained control of the U.S. Senate following the historic election of two new Senate Democrats in Georgia. With the pickup of these two seats, Democrats will have a narrow majority when Vice President-Elect Kamala Harris takes office on January 20, at which time she will be the deciding vote in the event of a tie. In the U.S. House of Representatives, Democrats retained their majority at 222 to 211 as of January 8. Two races remain outstanding in NY-22 and LA-05, where though the race was decided, the Representative-Elect passed away

before assuming office. Despite projections of a larger victory, Republicans were able to narrow Democrats' majority with a net pickup of 11 seats. While better positioned than before with a Democratic president and control of the Senate, the impact of the Democratic majority will continue to be tempered by their now even slimmer majority in the House and the 60-vote threshold for most items in the Senate.

**Governorships:** At the state level, the political makeup of governorships saw little change, with only one state – Montana – flipping from blue to red. Of the eleven races, incumbents ran for reelection in all but two, with each incumbent who ran retaining office. Heading into 2020, Republicans held the edge in governorships at 26-24. As a result of the recent elections, the GOP was able to slightly increase their majority to 27-23.

**State Legislatures:** State legislatures followed mostly the same trend as the gubernatorial elections, with little change occurring in terms of parties in control. Following the 2020 election, the GOP now holds supermajorities in 23 states, compared to Democrats' 15. In twelve states, one party holds a position of executive or legislative authority within a state, while the other party holds the remaining two. Minnesota is the only state legislative chamber that is divided, where its state senate chamber is ruled by one party and state house by another. The Republican hold on state legislatures is sure to continue once 2020 Census data is released next year and redistricting begins, with the state majority party in control of the process. Unless

successfully contested in the courts, these new districts will remain in place until the next census in 2030.

**Looking Ahead:** Following his reelection this month, Senate Majority Leader Mitch McConnell (R-Ky.) signaled optimism around a fifth COVID-19 relief package that could be completed before the end of the year. It is unclear what Senate Republicans are willing to include, however, with state and local funding continuing to be among the many sticking points holding up negotiations between the two parties. Regardless of these issues, Congress will have to deal with the current Continuing Resolution (CR) when it expires on December 11 by enacting another CR, or reaching a deal on appropriations that would fund the government through FY 2021. For context, it took lawmakers nearly three months to reach a final deal on FY 2020 appropriations. In addition to appropriations, lawmakers in the last days of the 116th Congress could address funding for water resource projects and policies to prevent surprise medical billing, among a limited number of other legislative priorities.

## HISTORIC CONTROL OF U.S. HOUSE AFTER PRESIDENTIAL ELECTIONS

Enthusiasm for President-elect Biden did not carry over to the House where, though Democrats were able to maintain their majority, Republicans had a net gain of nine seats as of November 30, 2020, with eight races still waiting to be called. This year's U.S. House general elections are projected to have one of the weakest coattail effects since JFK in 1960.

Ultimate control of the U.S. Senate was decided on January 5, when Georgia voters elected two new Democratic Senators and brought the ratio of Republicans and Democrats to 50:50. With the vote of Vice President-Elect Kamala Harris, Democrats will have a razor thin edge in the upper chamber. Additionally, the incoming Vice President will be sworn in on January 20th, at which time Senator-Elect Alex Padilla (D) will fill her seat, as appointed by the Governor of California.

## SNAPSHOTS: NEW MEMBERS OF THE U.S. SENATE

**Senator-Elect  
Tommy Tuberville  
(R-Ala.)**

Senator-elect Tommy Tuberville served as head football coach at Auburn University, Ole Miss, Cincinnati and Texas Tech. He has never previously held or run for public office. He defeated incumbent Democratic Senator Doug Jones, who was elected in a December 2017 special election to fill the remainder of former Senator Jeff Sessions' term after he was confirmed as President Trump's first Attorney General. Tuberville is a graduate of Southern Arkansas University. He and his wife Suzette have two sons.

**Senator-Elect Mark  
Kelly (D-Ariz.)**

Senator-Elect Mark Kelly is a former combat pilot, engineer and astronaut. He flew 39 combat missions during Operation Desert Storm and retired from the U.S. Navy in 2011 with the rank of Captain. Kelly participated in three Space Shuttle missions with two stints as flight commander. Kelly defeated incumbent Republican Senator Martha McSally, who was appointed to fill the seat upon the death of Senator John McCain. He graduated from the U.S. Merchant Marine Academy with a BS in marine engineering and nautical science and the U.S. Naval Post Graduate School with an MS in aeronautical engineering. His wife, former Congresswoman Gabrielle Giffords, was the victim of an unsuccessful assassination attempt in 2011. They live in Tucson. Kelly has two daughters from a previous marriage.

**Senator-Elect Alex  
Padilla (D-Calif.)**

Senator-Elect Alex Padilla was appointed by California Governor Gavin Newsom, following the election of the current seat holder -- Senator Kamala Harris -- to serve as the next Vice President of the United States. Padilla will serve out the remaining two years of Harris' term, at which time the seat will be up for election. Prior to his appointment, Padilla served as California Secretary of State for six years and as a California State Senator from 2006-2014, where he chaired the Committee on Energy, Utilities and Communications. Padilla also served as a Los Angeles City Councilman. The Senator-Elect lives with his wife Angela and their three sons in the San Fernando Valley.

## SNAPSHOTS: NEW MEMBERS OF THE U.S. SENATE

**Senator-Elect John  
Hickenlooper  
(D-Colo.)**

Senator-Elect John Hickenlooper previously served as Governor of Colorado (2011-2019) and Mayor of Denver (2003-2011). Before his time in politics, he worked as a geologist in the petroleum industry and then co-founded Wynkoop Brewing Company, one of the first brewpubs in the United States. He defeated incumbent Republican Senator Cory Gardner, who was elected in November 2014. Hickenlooper has a BA in English and an MS in geology from Wesleyan University. He resides in Denver with his wife, Robin, and has one son from his first marriage.

**Senator-Elect John  
Ossoff (D-Ga.)**

Senator-Elect John Ossoff is a Georgia native, media executive, investigative journalist and small business owner. Prior to running for the U.S. Senate, Jon served as CEO of Insight TWI, a now 30-year old media production company that investigates corruption, organized crime and war crimes for international news organizations, since 2013. Jon and his wife Alisha, an OB/GYN physician, both grew up in Atlanta.

**Senator-Elect  
Raphael Warnock  
(D-Ga.)**

Senator-Elect Reverend Raphael Warnock grew up in Savannah, Georgia. Prior to his election as Senator, Reverend Warnock served 15 years as Senior Pastor at Ebenezer Baptist Church in Atlanta, the former pulpit of Reverend Dr. Martin Luther King, Jr., where he was chosen in 2005 to be the youngest Senior Pastor in the church's history. He received his B.A. in psychology from Morehouse College in 1991, where he graduated cum laude, and also holds a Master of Divinity, Master of Philosophy and a Doctorate of Philosophy from Union Theological Seminary in New York City.

Senator-Elect Roger Marshall is an OB-GYN and a veteran of the U.S. Army Reserve. He was first elected to the U.S. House of Representatives in 2016, where he serves on the Agriculture Committee and the Science, Space and Technology Committee. Dr. Marshall opened his medical practice in Great Bend, Kansas, where he delivered more than 5,000 babies throughout his career. Dr. Marshall is a graduate of Kansas State University and the University of Kansas School of Medicine. He and his wife, Laina, are the parents of four children.

**Senator-Elect Ben Ray  
Luján (D-N.M.)**

Senator-Elect Ben Ray Luján was elected to the U.S. House of Representatives in 2008 and previously served as a member of the New Mexico Public Regulation Commission (2005-2009), the state's chief utility regulatory body. In the U.S. House, Luján served as Chairman of the Democratic Congressional Campaign Committee (2015-2019) and as Assistant Speaker of the House since 2019. He sits on the U.S. House Committee on Energy and Commerce. Senator-Elect Luján holds a bachelor's degree in Business Administration from New Mexico Highlands University.

**Senator-Elect Bill  
Hagerty (R-Tenn.)**

Senator-Elect Bill Hagerty was appointed by President Trump in 2017 to serve as the 30th U.S. Ambassador to Japan. He worked at multiple private equity firms and served as an economic advisor and White House fellow during President George H.W. Bush's administration. Hagerty was appointed by then-Governor Bill Haslam as Commissioner of Economic and Community Development in 2011. He earned his bachelor's degree and juris doctor from Vanderbilt University. Hagerty and his wife Chrissy have four children.

# INCUMBENTS RETAIN THEIR SEATS IN 2020, REPUBLICANS FLIP ONE FOR A 27-23 EDGE

Heading into 2020, Republicans controlled the majority of governors' offices at 26-24. On November 3, eleven governorships were up for reelection. Nine incumbents ran successfully for reelection in all but two races. Republicans were successful in flipping Montana, where the current Democratic governor was not on the ballot, resulting in a 27-23 edge entering 2021.

# **STATE LEGISLATURES**

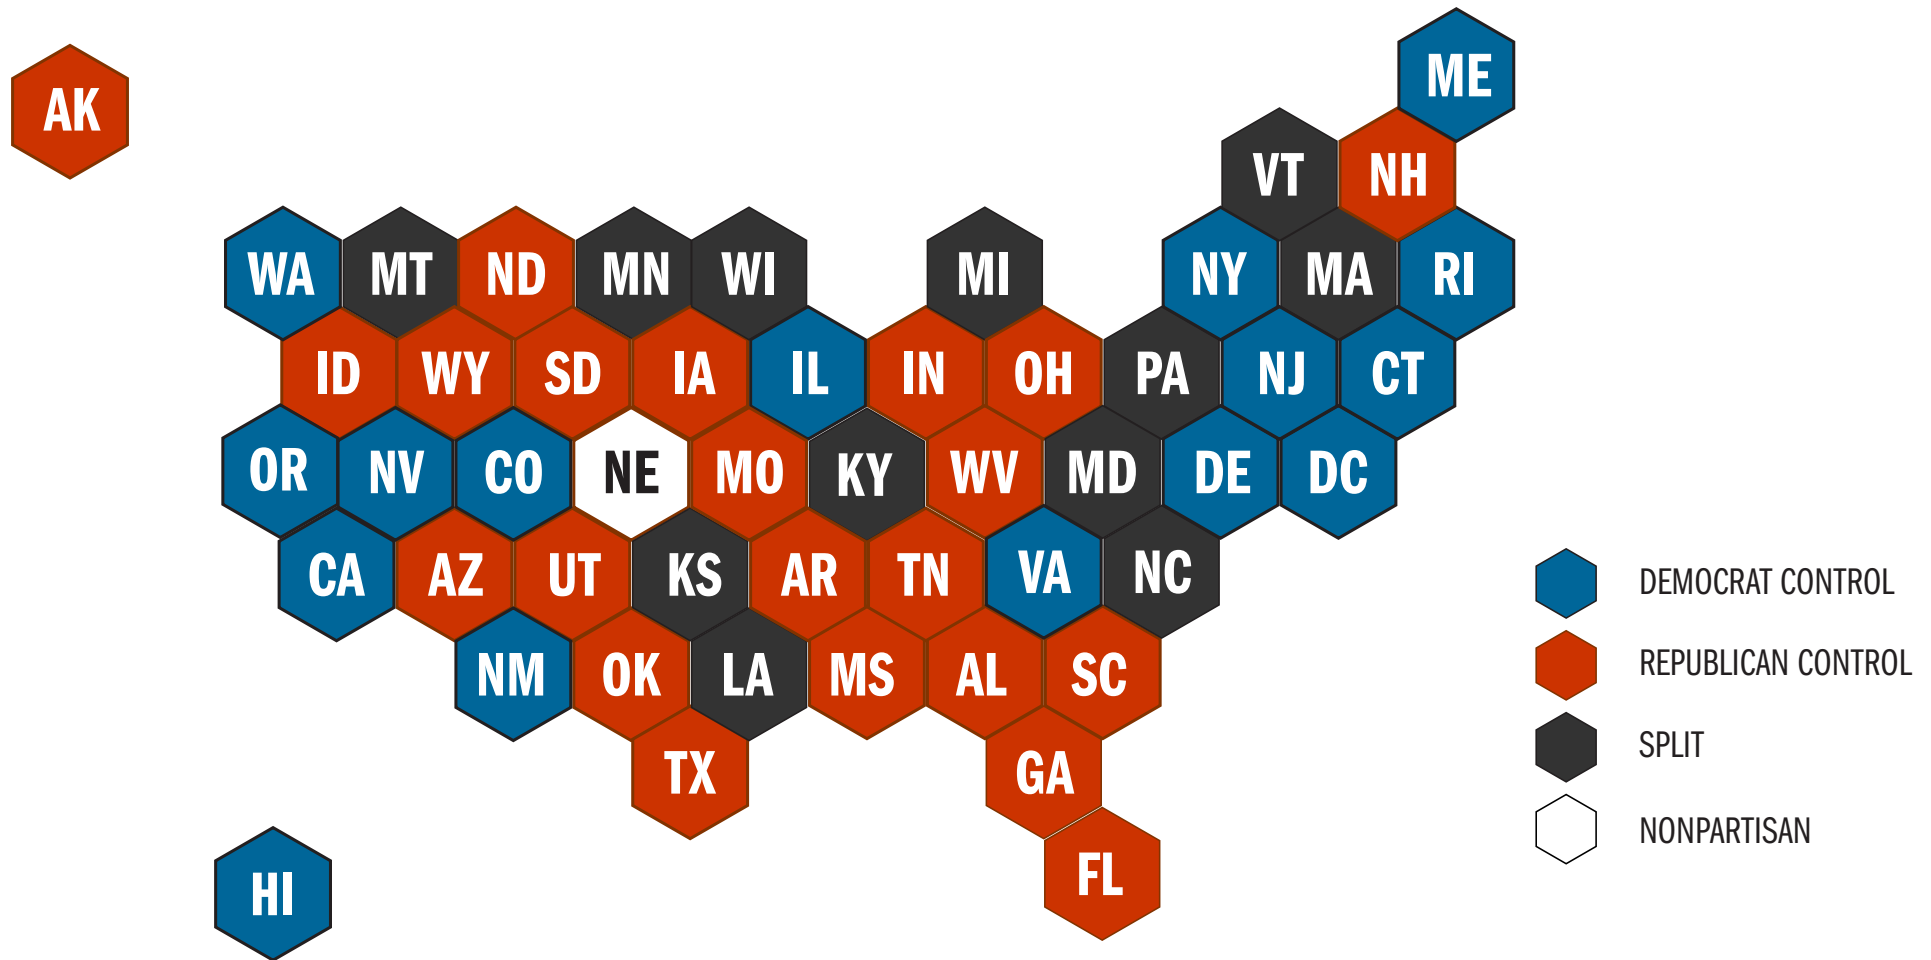

## REPUBLICANS RETAIN MAJORITY OF STATE LEGISLATIVE CHAMBERS AT 61-37

Heading into the 2020 elections, Republicans held majorities in 59 state legislative chambers versus the 39 chambers under Democratic control. On November 3, 86 chambers in 44 states were up for election, with the majority retaining their same pre-election political makeup. In fact, the 2020 election saw only a third of the change in parties typically experienced in state legislatures during general election cycles. Following November's general elections, Republicans added to their majority and will head into 2021 with significant control of state legislative chambers at 61-37.

## REPUBLICANS MAINTAIN THE MAJORITY OF “TRIFECTA” CONTROL AT 22-15

Heading into 2020, Democrats had “trifecta” control of 15 states versus Republicans’ 21, while 14 state governments remained split. “Trifecta” control refers to a state where one party controls both legislative chambers, as well as the governors’ office. As a result of the November elections, Democratic control remained unchanged at 15, while Republicans established trifecta control in two additional states, New Hampshire and Montana, bringing their total to 23. Twelve states are controlled by a divided state government.

## STATE LEGISLATURES

## BALLOT INITIATIVES FOR COUNTIES

A variety of topics appeared on state ballots during the 2020 elections, ranging from recreational marijuana to voting to the expansion of Medicaid. In the table below, **green** indicates passage and **red** indicates failure of the respective ballot initiative. Those in **black** remain undecided as of 11/17/20.

STATE	CATEGORY	DESCRIPTION
AL	<b>Voting</b>	The <a href="#">citizenship amendment</a> would change the constitution to reflect that “only” a citizen of the U.S. who is 18 years or older is eligible to vote, rather than “every” of-age citizen.
AK	<b>Elections</b>	The <a href="#">elections initiative</a> would create an open, nonpartisan primary where all candidates would appear on one ballot and establish a ranked-choice voting for general elections.
AZ	<b>Recreational marijuana</b>	The <a href="#">recreational marijuana initiative</a> would legalize the recreational possession and use of marijuana, impose a 16 percent tax on its sales and allow local governments to ban marijuana facilities and testing centers.
	<b>Taxes</b>	The <a href="#">income tax increase for teachers and schools initiative</a> would enact a 3.5 percent supplemental income tax on individuals and families making above \$250,000 and \$500,000, respectively, and direct the additional revenue to teacher and classroom support activities and programs.
AR	<b>Taxes</b>	The <a href="#">sales tax amendment</a> would continue the state’s .5 percent sales tax on personal property to fund surface transportation projects.
	<b>Term limits</b>	The <a href="#">term limits initiative</a> would establish a 12-year term limit for state legislators and judges with the opportunity to return following a four-year break.

# BALLOT INITIATIVES FOR COUNTIES (CONT.)

STATE	CATEGORY	DESCRIPTION
CA	<b>Bail reform</b>	The <a href="#">bail reform</a> referendum would replace cash bail with risk assessments for pre-trial detainees.
	<b>Housing</b>	The <a href="#">local rent control initiative</a> would allow local governments to enact rent control on housing occupied at least 15 years ago and require any local governments implementing this measure to allow landlords to increase rates by 15 percent during the first three years following a tenant vacancy.
	<b>Taxes</b>	The <a href="#">real property assessment initiative</a> would provide increased revenues to counties and other local entities by requiring all commercial and industrial real properties be assessed at their full market value and ensure that the supplemental revenue resulting from these assessments be directed to local schools and/or community colleges in the same manner as other property taxes.
	<b>Voting</b>	The <a href="#">voting amendment</a> would allow an individual aged 17 years to vote in a primary as long as they will turn 18 by the time of the general election. The <a href="#">parolee voting rights amendment</a> would return the right to vote to paroled felons.
CO	<b>Healthcare</b>	The <a href="#">family and medical leave initiative</a> would establish a paid program to provide 12 weeks of paid leave funded through a payroll tax, 50 percent to be covered by employers and 50 percent by employees.
	<b>Public lands</b>	The <a href="#">proposition</a> would require the Colorado Parks and Wildlife Commission to create a plan to reintroduce and manage gray wolves on designated public lands by the end of 2023
	<b>Taxes</b>	Several tax initiatives, all of which were successful, were on the ballot in Colorado, including: <ul style="list-style-type: none"> <li>• The <a href="#">income tax initiative</a> would decrease the state's income tax from 4.63 percent to 4.55 percent retroactively beginning January 20, 2020.</li> <li>• The <a href="#">Gallagher Amendment Repeal</a> which would repeal the 1982 amendment that limited residential and nonresidential property tax rates to 45 percent and 55 percent, respectively, of the total share of state property taxes.</li> <li>• The <a href="#">tobacco tax proposition</a> would increase the tax per pack of cigarettes to a total of 84 cents, with incremental increases for a total of \$2.64 in state taxes per pack by 2027.</li> </ul>
	<b>Voting</b>	The <a href="#">citizenship amendment</a> would change the constitution to reflect that "only" a citizen of the U.S. who is 18 years or older is eligible to vote, rather than "every" of-age citizen.

# AFTER THE ELECTION: 116<sup>TH</sup> CONGRESS IN THE LAME DUCK

Following the November 3 elections, the current Congress will reconvene for roughly a month's worth of business days before handing the gavel over to the 117th Congress. Between now and January 20, the Congress will head into a lame duck session during which Members will need to address the Continuing Resolution (CR) for FY 2021 spending that expires on December 11. Additionally, leadership in both chambers have acknowledged the need for another COVID relief package, but what that would look like, as well as the path to an agreement, remains uncertain. Beyond these two issues, however, lawmakers will likely punt any meaningful progress on other matters to the next Congress.

## COVID-19 RELIEF

After unsuccessful attempts to reach a deal on COVID-19 stimulus aid before the election, Speaker Nancy Pelosi (D-Calif.) signaled that she hopes to pass additional aid during the lame duck session in Congress. Similarly, Senate Majority Leader McConnell (R-Ky.) announced that passage of a new coronavirus relief bill was a top priority for the lame duck session. This is a change in direction for the Majority Leader who previously mentioned a coronavirus stimulus bill would have to wait until the beginning of 2021.

As counties continue to play a significant role in mitigating the spread of COVID-19, NACo research estimates that the pandemic could have a \$202 billion budgetary impact on counties of all sizes through fiscal year 2021, including \$172 billion in lost revenue and an additional \$30 billion in COVID-19 response costs. Heading into the lame duck session, lawmakers will now pick up where negotiations they left off prior to Election Day to try to determine a path forward on the next response package.

Additional action around coronavirus relief may extend the deadline for Coronavirus Relief Fund recipients by one year to December 30, 2021. The *Leveraging Options for Counties and Localities (LOCAL) Act* (H.R. 2854) would prevent the U.S. Treasury from automatically rescinding unspent CRF funds from counties at the end of the year.

Counties continue to call on Congress and the Administration to deliver a bipartisan relief package that will provide direct and flexible assistance to counties of all sizes.

## FY 2021 APPROPRIATIONS

Another high priority for lawmakers this lame duck session is reaching a deal to extend government funding past the expiration of the current CR on December 11, 2020. Lawmakers must decide whether to negotiate with the current administration to enact long-term spending legislation through FY 2021 or enact another stopgap spending measure that would allow the time for the presidential transition to occur, at which time Congress could negotiate appropriations with the Biden Administration.

# AFTER THE ELECTION: 116<sup>TH</sup> CONGRESS IN THE LAME DUCK

How Congress addresses challenges of funding the government will have a direct impact on many county priorities that rely on federal discretionary spending, including: COVID-19 pandemic relief, unemployment insurance, Payments in Lieu of Taxes program and the Community Development Block Grant program. Ultimately, Congress must decide whether to negotiate or face the risk of a government shutdown when the CR expires.

Prior to the election, Congress was unable to enact into law any of the twelve appropriations bills needed to fund the federal government. While the U.S. House of Representatives was successful in passing ten spending bills (appropriations for the U.S. Department of Homeland Security, as well as the Legislative Branch, have yet to be passed) through the lower chamber in July 2020, the U.S. Senate did not release the text of their companion bills until November.

## WATER RESOURCES DEVELOPMENT ACT (WRDA) AUTHORIZATION

While both the House and Senate produced bipartisan water resources bills well before WRDA 2018's expiration on September 30, a final agreement on the package did not come to fruition, with many speculating it could come during a lame duck session. Although an incoming administration may encourage Congress to hold off on passing substantive policy legislation, WRDA is a potential item for the 116th Congress' remaining legislative days. Negotiations between the chambers have been ongoing since the summer. While both bills would reauthorize U.S. Army Corps of Engineers water resource projects for two years, the Senate bill included funding for drinking water and wastewater programs while the House's fully unlocked the Harbor Maintenance Trust Fund. Because the House and Senate bills differ, an informal conference committee was formed to reconcile policy differences between the two. Final text was released December 6 and addresses many county priorities, including a full unlock of the Harbor Maintenance Trust Fund. While this legislation is expected to easily clear the House, timing for a vote in the Senate remains unclear. With the release of a final bill, however, WRDA remains a potential for lame duck action.

## HEALTHCARE

### Extensions

Congressional leaders have indicated a plan to reauthorize several key health care extenders of importance to counties, which are set to expire on December 11. These extenders include funding for community health centers, a delay of disproportionate share hospital payment reductions and funding for health workforce programs.

# AFTER THE ELECTION: 116<sup>TH</sup> CONGRESS IN THE LAME DUCK

## Maternal Fatality

With the COVID-19 pandemic drawing attention to existing racial and ethnic disparities in health care, lawmakers' focus has turned to addressing maternal and infant mortality. Currently, there are dozens of proposed bipartisan bills in both the House and Senate that focus on maternal health and health disparities. Prior to the election, two bipartisan bills had advanced out of the House: the *Helping MOMS Act* (H.R. 4996) would extend postpartum coverage under Medicaid and the Children's Health Insurance Program from 60 days to one year and the *Maternal Health Quality Improvement Act of 2020* (H.R. 4996) would expand initiatives to address maternal health in rural areas and promote innovation in the field. Both bills would benefit local health care access and outcomes by expanding Medicaid services as well as address underlying causes of maternal mortality with new funding. The Senate plans to consider both bills during the lame duck session, with the potential to be included in a legislative package with other similar maternal health bills.

## Surprise Medical Billing

Prior to the election, both Congress and the Administration signaled interest in reconciling differences on surprise medical billing. To address this issue, current legislation focuses on ensuring cost transparency for out-of-network services and limiting patient cost-sharing rates. Despite disagreements in the approach for addressing this issue, it has been a largely bipartisan effort and may see movement during the lame duck session. Surprise billing legislation is of key importance to counties, as it has the potential to impact reimbursement rates for local EMS providers and rural hospitals.

# COUNTY PRIORITIES IN THE 117TH CONGRESS (2021 - 2022)

## PROVIDE DIRECT, FLEXIBLE FUNDING TO COUNTY GOVERNMENTS OF ALL SIZES

**Background:** Prior to adjourning for the August recess, congressional leaders and the administration failed to reach an agreement on a fifth COVID-19 relief package. Four relief packages had previously been enacted since the economic fallout from the COVID-19 pandemic, with the latest relief package signed into law on April 23. Talks for a fifth relief package fell short when negotiators were unable to reach a compromise between House Democrats' *HEROES Act* and the Senate Republicans' *HEALS Act*. Throughout negotiations, counties urged federal leaders to work together and provide county governments with direct, flexible funding, regardless of size, to further mitigate the virus, protect the public's health and restore the economy. For more information, visit NACo's [COVID-19 Pandemic Federal Policy News & Resources webpage](#).

**Take Action:** Urge your member of Congress to support legislation that provides direct, flexible funding to counties of all sizes.

## AMEND THE FEDERAL MEDICAID EXCLUSION POLICY

**Background:** Current federal law prohibits the use of federal funds and services, such as Medicaid and the Children's Health Insurance Program (CHIP), for health care provided to inmates of a public institution – a category that includes our local jails. The policy, known as the Medicaid inmate exclusion policy (MIEP), was originally enacted in 1965 under the *Social Security Act* (P.L. 97-89) and intended to prevent state governments from shifting inmate care costs to federal programs. However, this practice has had an unintended consequence of cutting off federal health benefits to local jail inmates who are awaiting trial and presumed innocent. Click [here](#) for more information.

**Take Action:** Urge your member of Congress to amend the Medicaid inmate exclusion policy.

## PROMOTE COUNTY INFRASTRUCTURE PRIORITIES

### Surface Transportation Reauthorization

Congress is working towards a long-term surface transportation reauthorization, as the current law – the *Fixing America's Surface Transportation (FAST) Act* (P.L. 114-94) – expired on September 30, 2020. The CR extended the FAST Act through FY 2021, which means the 117th Congress will have to either extend the law again or enact a new, long-term reauthorization within the year. This historically bipartisan bill includes significant policy and funding provisions to improve and enhance the nation's transportation systems, including highway and bridge construction and maintenance, highway and motor vehicle safety, public transportation, rail, hazardous materials safety and research, technology and statistics program. To learn more about county transportation infrastructure priorities, click [here](#).

**Take Action:** Urge your member of Congress to support county priorities in a surface transportation reauthorization bill.

# COUNTY PRIORITIES IN THE 117TH CONGRESS

## Water Resources Development Act (WRDA) Reauthorization

**Background:** Congress is working towards a two-year WRDA reauthorization bill, as the current law – the *America's Water Infrastructure Act of 2018* (P.L. 115-270) – expired on September 30, 2020. WRDA bills authorize water resources studies and projects and set policies for navigation, flood control, hydropower, recreation, water supply and emergency management for the U.S Army Corps of Engineers. This legislation is usually passed on a biennial basis and addresses county interests related to ports, inland waterways, levees, dams, wetlands, watersheds and coastal restoration. Counties often partner with the Army Corps to strengthen local infrastructure. To learn more about county water infrastructure priorities, click [here](#).

**Take Action:** Urge your member of Congress to support county priorities in the Water Resources Development Act.

## Broadband Deployment and Accessibility

**Background:** In response to the COVID-19 pandemic, now more than ever, Americans are relying on dependable, high-speed internet to perform their job or attend school in a virtual setting. Counties are strongly committed to advancing broadband deployment and accessibility while preserving local decision-making. However, there are federal and state efforts to prevent local governments from serving as effective stewards of public property, safety, and welfare.

In 2019, the Federal Communications Commission (FCC) imposed regulations restricting local authority in the deployment of 5G wireless networks, putting public health and safety at risk. Specifically, the FCC order constrains local governments to a narrow application approval timeline – effectively preventing local governments from conducting necessary procedures such as providing open public comment periods as well as historical preservation and environmental reviews.

Concurrently, county governments in 22 states are restricted from making critical investments in local broadband networks due to state-imposed bans and restrictions. These barriers are preventing local governments from effectively and efficiently addressing the challenges of this public health pandemic and looming economic crisis. NACo supports the *Accelerating Broadband Development by Empowering Local Communities Act* of 2019 (H.R. 530 / S. 2012) and the *Community Broadband Act* (H.R. 2785 / S. 3649) which would remove these barriers and empower communities to provide connectivity solutions during this critical time. For more information, click [here](#).

**Take Action:** Urge your member of Congress to support legislation to advance broadband deployment and accessibility while preserving local authority.

# COUNTY PRIORITIES IN THE 117TH CONGRESS

## SUPPORT FULL MANDATORY FUNDING FOR PAYMENTS IN-LIEU OF TAXES (PILT) AND THE SECURE RURAL SCHOOLS (SRS) PROGRAM

**Background:** NACo supports restoring full mandatory funding for the Payments in Lieu of Taxes (PILT) program, which compensates public lands counties for untaxable federal land. NACo also supports extending the Secure Rural Schools (SRS) program as a transitional funding mechanism until the federal government implements a sustainable, long-term forest management program with adequate revenue sharing for forest counties and schools. For more information on PILT click [here](#), and for more information on SRS click [here](#).

**Take Action:** Urge your member of Congress to support full mandatory funding for PILT and SRS.

## RESTORE THE BALANCE OF FEDERALISM AND OPTIMIZE INTERGOVERNMENTAL PARTNERSHIPS

**Background:** NACo supports efforts that recognize and respect the unique roles and responsibilities of counties as essential partners – not just stakeholders – in our nation's intergovernmental system of federal, state, local and tribal government officials. Consistent and meaningful engagement and consultation between intergovernmental partners is vital in the development and implementation of effective policies, programs and regulations. NACo urges Congress to pass the *Restore the Partnership Act* (H.R. 3883 / S. 2967) and the *Unfunded Mandates Information and Transparency Act* (H.R. 300 / S. 3689) to increase transparency to reduce regulatory burden, foster intergovernmental dialogue and unite all levels of government in supporting our unparalleled system of federalism. For more information, click [here](#).

**Take Action:** Urge your member of Congress to support the *Restore the Partnership Act* (H.R. 3883).

## STRENGTHEN ELECTION INTEGRITY AND SAFETY

**Background:** The COVID-19 pandemic has fundamentally altered the landscape of the 2020 election cycle. America's counties traditionally administer and fund elections at the local level, overseeing more than 109,000 polling places and coordinating more than 694,000 poll workers every two years. Beyond these traditional requirements, counties are now grappling with even more costly election-related challenges, from providing additional voting options to keeping polling locations clean to complying with social distancing mandates.

# COUNTY PRIORITIES IN THE 117TH CONGRESS

NACo supports federal policies that provide flexibility for local decision making and increased federal investments in the nation's elections system. Furthermore, NACo supports a consistent, predictable and dedicated federal funding stream to assist counties with meeting the significant federal requirements already imposed on local governments administering elections, as well as additional federal resources to meet current challenges local elections officials face due to COVID-19. We also support efforts by Congress and the administration to combat cybersecurity threats in a way that is inclusive of county election and technology officials. **Take Action:** Urge your member of Congress to support legislation that provides consistent, predictable and dedicated federal resources to help counties administer fair and secure elections.

## ABOUT NACo

The National Association of Counties (NACo) unites America's 3,069 county governments. Founded in 1935, NACo brings county officials together to advocate with a collective voice on national policy, exchange ideas and build new leadership skills, pursue transformational county solutions, enrich the public's understanding of county government, and exercise exemplary leadership in public service.

Each year, NACo's Board of Directors adopts the Association's federal policy priorities, which help shape NACo's advocacy efforts on behalf of America's counties.
