

NACo Tech Xchange

County IT leaders have your voice heard at a national level

“

The Tech Xchange is an **invaluable resource for IT leaders;** not only because I have received valuable input from my inquiries, but also from **the benefit of “listening” to conversations** that are taking place on a variety of subjects that always are timely, since we are all facing the **same challenges.**

*Ray Desjardins,
CGCIO, Charlotte County, Fla.*
