We help counties protect their employees'
futures with extraordinary care

A message from NACo CEO/Executive Director, Matthew Chase

The National Association of Counties (NACo) is passionate about advancing excellence in public service to help people and places thrive across America. We pursue our mission by strengthening the leadership skills, knowledge and wellness of our nearly 40,000 county elected officials and more than 3.6 million county employees. The most important asset across America's county governments is our people, and we're thrilled to showcase their amazing diversity of heritage, experience and talent.

That's why since 1981, we have partnered with Nationwide Retirement Solutions to help enhance the overall financial wellness and retirement security of our nation's county workers and their families. Nationwide continues to innovate and create new and improved solutions that allow county employees to save extra money and plan effectively for their future. As a U.S.-based mutual company, Nationwide is one of the most progressive and caring corporate citizens in the country and their values align with those of NACo. They also have the proven experience, financial strength, corporate integrity and public sector focus that serves our state associations, county governments and county workforce best.

I encourage you to take advantage of the strength, resources, tools and services of our proud partner, Nationwide Retirement Solutions. There is so much information in this brochure that can provide your county employees with sound strategies to a more secure financial retirement. Lastly, please share this information with other colleagues who may be able to add these services to their employee benefits.

We are steadfast in our pursuit to enrich our membership value exponentially, guided by the belief that stronger counties result in a stronger America.

With respect,

Matt Chase, CEO/ Executive Director

We offer strategies for many types of investors

We understand that your employees will have different degrees of knowledge and interest in investment management. That’s why we encourage you to consider offering options for both “hands-off” and “hands-on” investors — with no additional expenses to you as the plan sponsor.

Lifestyle funds—also known as target risk funds—are asset allocation funds that are managed based on different levels of risk, from conservative to aggressive.

Target maturity funds—also known as target date funds—are asset allocation funds that are based on a targeted date as to when an investor plans to begin to withdraw money. These funds target the year of retirement, and the asset allocations become more conservative as retirement nears.

Target maturity funds and lifestyle funds are designed to provide diversification and asset allocation across several types of investments and asset classes, primarily by investing in underlying funds. Therefore, in addition to the expenses of the target maturity funds and lifestyle funds, an investor is indirectly paying a proportionate share of the applicable fees and expenses of the underlying funds.

Fund Window investment options may require investment expertise and/or professional management advice to prudently manage. In addition, some of these investment options may have higher Nationwide asset fees than the designated investment options. Nationwide does not make recommendations or give investment advice.
