GIS Subcommittee Meeting

Sunday, Feb 12 8:00 AM – 9:45 AM | **Location:** Columbia 3 & 4, Terrace Level

GIS Subcommittee Leadership

Chair:	Hon. Kevin Boozel, Commissioner, Butler County, PA
Vice Chair:	Hon. Kenton Ward, Surveyor, Hamilton County, IN
Vice Chair:	Hon. Reid Demman, County Surveyor, Salt Lake County, UT
Vice Chair:	Patrick Bresnahan, PhD, Geographic Information Officer, Richland County, S.C.

Meeting Agenda

8:00 AM: Call to Order and Welcome

- **Hon. Kevin Boozel, Commissioner, Butler County, PA**

8:05 AM: Using GIS for Modernizing Continuity and Recovery during County Emergencies

Miami-Dade County leverages the use of GIS to plan and build strategies that mitigate natural and human-caused threats. This presentation will share developed maps, applications, and dashboards that help during emergency activations. Examples will showcase how coupling GIS tools, drones, and mobile devices allow Miami-Dade County to conduct damage assessments, monitor debris removal, and create reports to communicate the recovery efforts for operational needs and constituents. Real life events like the 2021 Surfside Building Collapse, Hurricane Irma and the Zika Virus will be highlighted.

- **Margaret Brisbane**, CIO/Department Director at Miami-Dade County, FL
- **Jose Lopez**, Assistant Director, Business Applications Services, Information Technology Department, Miami-Dade County, FL

8:40 AM: The GIS Practitioner and the County Assessor: [What's the Big Deal with County Parcel Data?](#)

ESRI will explore how good parcel data is a valuable economic development tool for counties and how the value of online parcel data is beneficial to both taxpayers and businesses alike.

- **Richard Leadbeater**, ESRI
- **County (invited)**

9:10 AM: Strengthening disaster recovery and business continuity on AWS Cloud

County governments have a responsibility to serve citizens and protect their information to maintain trust and security. As organizations increasingly move to the cloud, they should architect for security and data protection. Join Amazon Web Services (AWS) to learn about strategies and services to help you respond to and recover from unexpected events.

- **Maria Thompson**, Executive Government Advisor, AWS

9:42 AM: NACo 2023 Technology Priorities: Rita Reynolds will present an overview of the 2023 NACo Technology Priorities and receive input into how to achieve those priorities (the new list will be distributed at the beginning of the meeting, so that attendees can be prepared to provide input during this overview)

- **Rita Reynolds, NACo CIO**

9:45 AM: Closing
