GIS Subcommittee Meeting

Wednesday, March 10, 1:00 P.M.— 3:00 P.M. | <mark>Zoom Link:</mark>

___

GIS Subcommittee Leadership

Chair: Hon. Kenton Ward, Surveyor, Hamilton County, Ind.
Vice Chair: Hon. Reid Demman, Surveyor, Salt Lake County, Utah

Meeting Agenda

1:00 – 1:05 PM EST Call to Order and Welcome
- **Hon. Kenton Ward**, Surveyor, Hamilton County, Ind.
- **Rita Reynolds,** Chief Information Officer, NACo

1:05 – 1:35 PM EST GIS Successes during the Pandemic
Washington County, Minn. will share how they have used GIS for a mask initiative, office space scheduling and reservation system, and mobilizing their Septic System Inspectors using GIS. Mr. Brandt will also share GIS efforts in the Twin Cities Metropolitan area through the MetroGIS and the MN Geospatial Advisory Council.
- **David Brandt,** Geospatial Systems Architect, Washington County, Minn.

1:35 – 2:00 PM EST From Redistricting to Elections; the role GIS can play.
It is evident that GIS plays a role in redistricting, but historically the role GIS plays fall short. The session explores the need for openness, citizen engagement, transparency in the redistricting process, how to extend the redistricting data and software tools to the public, and how to help the Election Clerks create new Precincts.
- **Richard Leadbeater,** Global Manager, Esri

2:00 – 2:20 PM EST Microsoft Exchange Server Exploit Update
The Cybersecurity and Infrastructure Security Agency will provide an update on severe exploit and critical steps that counties should be taking in response.
- **Jay Gazlay,** Technical Strategist, CISA

2:20 – 2:45 PM U.S. Census Update
The Census Bureau will provide an update on the redistricting timeline and the geographic products that will be available.
- **Jennie Karalewich,** Lead Redistricting Program Specialist, U.S. Census Bureau

2:45 – 3:05 PM Mapping of the Pandemic
Maricopa County will share their GIS dashboards related to the pandemic.
- **David Moss,** Director of Data Management & GIS, Maricopa County, AZ
