KEY CONCEPTS OF P&E REPORT

1. **Expenditure Categories**: 83 different expenditure categories to choose from included in Treasury’s reporting and compliance document

2. **Projects**: Include new or existing services, funded in whole or in past by Recovery Funds
   - Must align with ONE expenditure category
   - Recipient is required to track obligations and expenditures, and subrecipients and subawards

3. **Relationships between project components**:
   - Specifying the Expenditure Category (EC)
   - Enter subrecipient/beneficiary/contractor information (UEI, TIN or DUNNs)
   - Subaward or direct payment information
   - Expenditures:
     - Greater than $50,000
     - Aggregate expenditures less than $50,000
     - Payments to individuals
STRUCTURE OF P&E REPORT

1. Introduction/bulk templates
2. Recipient profile
3. Project overview
   • Name, ID number, adopted budget, total obligations/expenditures, status of project and project description
4. Subrecipients/beneficiaries/contractors
   • A subrecipient must be created before entering subaward information
   • For payments greater than $50,000
5. Subawards/direct payments
   • Identify project and subrecipient associated with subaward
   • Subaward type
   • Amount, period of performance, location of performance, description
6. Expenditures
7. Recipient specific

REMINDER:
GOVERNMENT SERVICES (EC 6.1) – RECIPIENTS DO NOT HAVE TO ENTER IN SUBRECIPIENT OR SUBAWARD INFORMATION

KEY CONSIDERATIONS FOR P&E REPORT

• No projects available option: If your county has not yet identified any projects, there is an option for you to select
  • Written explanation required
  • Treasury encourages recipients to being investing Recovery Funds

• Non-infrastructure and infrastructure projects programmatic data: Programmatic data or impact measures is required for project in non-infrastructure categories (EC 1-3) and infrastructure projects (EC 5)

• Infrastructure projects over $10M: Projects above $10M must be entered manually (refer to Appendix D of P&E User Guide)
  • Davis Bacon Act information included
REVENUE REPLACEMENT

- Recipients have the option to update or provide new information associated with revenue replacement.
- Previous information (if provided) as part of the Interim Report or P&E Report (if provided) will display on the screen.
- Recipient will have the option to make a one-time decision to either calculate revenue loss with the Treasury formula OR election the $10 million standard allowance, not to exceed the award allocation.
- **Recipients must make this one-time decision during the April 2022 reporting deadline** – **There are not exceptions to this requirement.**

RECIPIENTS ARE REQUIRED TO MAKE A ONE-TIME DECISION FOR REVENUE REPLACEMENT IN THE APRIL 2022 P&E REPORT.
ROADMAP OF UNIFORM GUIDANCE

1. What is Uniform Guidance?
2. Does Uniform Guidance apply to SLFRF?
3. How exactly does it apply to SLFRF?
4. Why do I have to pay attention to Uniform Guidance?
5. Are there resources to learn more?
1. WHAT IS UNIFORM GUIDANCE?

• Uniform Guidance can be called three different things:
  1. Uniform Grant Guidance (UGG)
  2. Uniform Guidance (UG)
  3. 2 CFR 200 (location in the Code of Federal Regulations)

• The UGG provides a government-wide framework for grants management that reduces administrative burden for non-federal entities receiving federal awards while reducing the risk of waste, fraud and abuse.
UG PRINCIPLES AND REQUIREMENTS

1. Administrative Requirements for Grants and Cooperative Agreements
2. Cost Principles for Determining Allowable Costs
3. Audit Requirements for Obtaining Consistency and Uniformity Among Federal Agencies
4. Agency Implementation
UG IN PRACTICE AND PROCUREMENT

• Purchasing and Procurement in all circumstances (2 CFR 200.319):
  o Property or services must be conducted in a manner providing full and open competition, consistent with standards outlined in 2 CFR 200.320, which allows for non-competitive procurements only in circumstances where at least one of the conditions below is true:
    ▪ Item is below the micro-purchase threshold;
    ▪ Item is only available from a single source;
    ▪ The public exigency or emergency will not permit a delay from publicizing a competitive solicitation;
    ▪ After solicitation of a number of sources, competition is determined inadequate.
UG IN PRACTICE AND SUBAWARDS/SUBRECIPIENTS

• All pass-through entities in all circumstances (2 CFR 200.1) are required to manage and monitor their subrecipients to ensure compliance with requirements of the federal award pursuant to 2 CFR 200.332 regarding requirements for pass-through entities.
UG IN PRACTICE AND SINGLE AUDIT

• **Internal Controls (2 CFR Part 200.303)**
  • Your organization must develop and implement effective internal controls to ensure that funding decisions under the federal award constitute eligible uses of funds, and document determinations.

• **Single Audit (the Single Audit Act and 2CFR Part 200, Subpart F)**
  • The Uniform Guidance requires non-Federal entities that expend $750,000 or more a year in Federal awards to have an audit conducted in accordance with the Uniform Guidance.
  • **Talk with your auditor early** – Schedule of Expenditures of Federal Award – reporting requirements and how to report those expenditures.
#2: DOES UG APPLY TO SLFRF?

• YES! (Pg. 2 of Compliance and Reporting Guidance)

• Treasury’s Compliance and Reporting Guidance:
  • “All reporting responsibilities under the SLFRF program should be read in concert with the Award Terms and Conditions, the authorizing statute, the final rule, and other regulatory and statutory requirements, including regulatory requirements under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (“Uniform Guidance” or 2 CFR Part 200), and the Compliance Supplement.

ALL SLFRF SPENDING IS GOVERNED BY UNIFORM GUIDANCE UNLESS OTHERWISE NOTED BY TREASURY
DOES UG APPLY TO GOVERNMENT SERVICES?

• **YES!** Unless otherwise noted, UG applies to SLFRF spending, *even in government services*

• Until we hear otherwise, *follow UG Cost Principles when spending on Government Services*

• Treasury *does not* provide guidance on where to put your award (*general fund versus other restricted fund*)

• Pay special attention to the spending from the general fund

• You may want to create a “checklist” for spending or internal controls
#3: HOW DOES UG APPLY TO SLFRF?

- **Allowable Activities:**
  - Implement effective internal controls

- **Cost Principles:**
  - Implement robust internal controls and effective monitoring
  - Non-federal cost share monitoring
  - Audit costs and consultant (administrative) costs
  - Treasury NOT cognizant agency for NICRA or de minimus rate of 10 percent
  - Salaries and expenses covered

- **Cash Management:**
  - Funds not subject to CMIA and can be invested
SLFRF COST PRINCIPLES

• Eligibility:
  • Develop and implement policies and procedures for determining eligibility of spending and beneficiaries/subrecipients

• Equipment and Property Management:
  • Any purchase has to be used for the originally authorized purpose

• Period of Performance:
  • March 3, 2021 through December 31, 2024/26

• Program Income:
  • Governed by 2 CFR 200.307: Calculate, document and Record

• Reporting:
  • Establish controls in order to ensure completion and timely submission
SLFRF AND PROCUREMENT

• Procurement and purchasing requirements, as outlined in the UG:

“The Uniform Guidance establishes in 2 CFR 200.319 that all procurement transactions for property or services must be conducted in a manner providing full and open competition, consistent with standards outlined in 2 CFR 200.320. The Uniform Guidance requires an infrastructure for competitive bidding and contractor oversight, including maintaining written standards of conduct and prohibitions on dealing with suspended or debarred parties. Your organization must ensure adherence to all applicable local, State, and federal procurement laws and regulations.”
SLFRF AND SUBRECIPIENT MONITORING

• **Subrecipient Monitoring:**
  • **Recipients:** Eligible entities identified in sections 602 and 603 that received a SLFRF award
  • **Sub-recipients:** Entities that receive a sub-award from a recipient to carry out the purposes (program/project) of the award on behalf of the recipient.

• **Recipients are responsible for sub-recipient monitoring:**
  • Clearly identify to the sub-recipient that the award is Recovery Funds
  • Identify all compliance requirements and any reporting requirements
  • Initial and ongoing evaluation of each sub-recipients risk of noncompliance
  • Develop written policies and procedures for sub-recipient monitoring and risk evaluation as well as sufficient document retention policies
SLFRF AND OTHER SUBAWARDS

• Subawards
  • Specific information is required for each subaward greater than or equal to $50,000
    • Contract, Grant, Loan, Transfer, or Direct Payment
  • Aggregate reporting is required for contracts, grants, transfers made to other government entities, loans, direct payments, and payments to individuals that are below $50,000
  • This information will be accounted for by expenditure category at the project level
SLFRF AND OTHER SUBAWARDS

- The Uniform Guidance requires non-Federal entities that expend $750,000 or more a year in Federal awards to have an audit conducted in accordance with the Uniform Guidance.

- Talk with your auditor early about SEFA reporting requirements and how to report those expenditures.

- Alternative now available for select direct recipients.

THERE IS NOW AN ALTERNATIVE AVAILABLE FOR SINGLE AUDIT ACT REQUIREMENTS FOR SELECT RECIPIENTS.
**SINGLE AUDIT ALTERNATIVE**

1. If you are eligible, you should discuss this with your Auditor
2. This is an addendum to the 2021 Single Audit (SA) Compliance Supplement and the revision is Addendum 3
3. Addendum 3 includes a simplified Single Audit process (an “Attestation”) for direct recipients that are considered exempt from the Single Audit if it was not for the expenditures of SLFRF funds
4. This alternative is intended to reduce the burden of a full Single Audit or Program-Specific Audit on eligible recipients and practitioners
5. This alternative applies to fiscal year audits beginning after June 30, 2020
6. Attestation would result in an auditor’s opinion on compliance which includes an assessment of two activities, specifically “activities allowed” and “unallowed/allowable cost”
7. Attestation is optional
8. Eligibility is limited:
   - Attestation (instead of SA) eligibility would only apply to direct recipients either from Treasury or from the States (NEUs) receiving under $10M in total
   - Attestation (instead of SA) eligibility would apply to direct recipients only if other Federal award funds the recipient expended are less than $750,000 during the recipient’s fiscal year – not including their SLFRF award funds
9. Single Audit would still apply if the recipient spends over $750K in ANY OTHER federal funds
10. UG still applies to ALL expended funds, whether the recipient performs an Attestation or a SA
11. UG requires non-Federal entities that **expend $750,000 or more a year in Federal awards to have an audit** conducted in accordance with the Uniform
#4: WHY DO I HAVE TO PAY ATTENTION TO UG?

- Treasury has established Uniform Guidance principles as the authority on spending SLFRF Funds.
- Uniform Guidance Principles still apply whether your entity is subject to the Single Audit Act or not.
- Any federal award spending subject to Uniform Guidance can be reviewed at any time.
