Our Mission

**FEMA’s Mission:**
To support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

**FEMA Grant Programs Directorate:**
We manage federal assistance/grants to measurably improve preparedness capabilities, and reduce the risks the Nation faces in times of man-made and natural disasters.
Grant Focus Areas

✓ Homeland Security
  ▪ Ensures the combined expertise and capabilities of Federal, State, territorial, tribal and local governments, and community-based and private organizations are utilized effectively across all hazards planning and response

✓ Transportation
  ▪ Enhances the security and preparedness of the Nation’s ports of entry and mass transportation systems to protect the traveling public

✓ Fire
  ▪ Provides equipment, resources and training to enhance fire departments’ and community organizations’ ability to protect the public and their staff from fire related hazards and injuries

✓ Emergency Management
  ▪ Supports communication interoperability, information sharing, critical infrastructure hardening, and emergency management resources and personnel
Preparedness Expenditures

Planning

Assists grantees in developing policies and procedures to coordinate and execute tasks for all hazards management.

Equipment

Provides tools and materials to execute missions; without radios, generators, and rescue vehicles, emergency responders lack the means to carry out tasks.

Organization

Ensures grantees possess the right resources, leadership, and organizational structure to best protect against major incidents.

Exercises

Fosters opportunities to demonstrate, evaluate, and improve the combined capability of the Nation’s first responders and local communities.

Training

Prepares the public and first responders to act in a coordinated fashion in a time of emergency.

Supplemental Preparedness Funding

- For FY 2016, Congress appropriated extra $50 million in DHS budget “to address the emerging threats of violent extremism and from complex, coordinated attacks”.
  - Countering Violent Extremism (CVE) Grants - $10,000,000
  - Complex Coordinated Terrorist Attack (CCTA) Grants - $39,000,000
  - Joint Counterterrorism Awareness Workshop Series (JCTAWS) - $1,000,000

- CVE and CCTA grant programs are currently in development.

- FEMA is developing these new funding initiatives in coordination with the new DHS Office of Community Partnerships.
# FY 2016 Emergency Management Performance Grant Program

## Program Overview

| Purpose | The Emergency Management Performance Grant program provides federal funds to assist state, local, tribal, and territorial governments in preparing for all hazards. The Federal Government, through the EMPG program, provide necessary direction, coordination, guidance, and assistance to support a comprehensive all hazards emergency preparedness system. |
| Eligibility | All 56 states and territories; only the State Administrative Agency or Emergency Management Agency are eligible to apply for and administer FY 2016 EMPG funds. |

- The SAFER Grant Program is comprised of two categories:
  - Hiring of Firefighters
  - Recruitment and Retention of Volunteer Firefighters

**FY 2014 Information**

- In FY 2015, 1335 applications were received requesting nearly $1.2 billion in funding. Of this, 254 applications were funded totaling $340 million
Threat and Hazard Identification and Risk Assessment (THIRA)

- A risk assessment process that helps the whole community understand its risks and estimate capability requirements.
- Helps communities map their risks to the core capabilities, enabling them to determine:
  - Desired outcomes
  - Capability targets
  - Resources required to achieve their Capability targets
- Helps inform a variety of emergency management and preparedness efforts.
  - Prioritization of capabilities
  - Capability needs & resource shortfalls
  - Preparedness investment priorities
SHSP and UASI Governance

- Senior Advisory Committee (SHSP): Responsibilities include:
  - Integrating preparedness activities across disciplines and all levels of government
  - Creating a cohesive planning network
  - Management of all available preparedness funding sources
  - Ensuring applications for SHSP and UASI funds align with the capability gaps identified in the THIRA and SPR.

- Urban Area Working Group (UASI): Responsibilities of the UAWG include:
  - Coordinating the development and implementation of all program initiatives.
  - States and Urban Areas must consider including counties within which the cities reside, contiguous jurisdictions, MSAs, operational areas, and mutual aid partners, as appropriate, in the governance process.
  - Coordinate with state in development of state THIRA and SPR (UAWG is encouraged to develop Urban Area THIRA)

DHS Authorized Equipment List

- The Authorized Equipment List (AEL) is published by the FEMA Grant Programs Directorate.
- The AEL serves as a guide for grant recipients, but is not all-encompassing and often grantee requests must be reviewed on a case-by-case basis.
- The Authorized Equipment List (AEL) was developed, in part, based on congressional intent to build anti-terrorism capabilities.
- Dual use permitted as long as items build anti-terrorism capabilities.
- Updated periodically to include additional equipment items at request of stakeholders.
- Weapons and ammunition have always been prohibited.
Allowable Equipment Categories

- Personal Protective Equipment (PPE).
- Detection Equipment
- Decontamination Equipment
- Interoperable Communications Equipment
- Terrorism Incident Prevention Equipment
- Explosive Device Mitigation and Remediation Equipment
- Physical Security Enhancement Equipment
- Medical Supplies/Pharmaceuticals
- CBRNE Logistical Support Equipment
- CBRNE Incident Response Vehicles/Aircraft/Watercraft
- CBRNE Search & Rescue Equipment
- CBRNE Reference Materials
- Agricultural Terrorism Prevention, Response & Mitigation

Strategies for Maximizing Funding

How can these grants work together?
What can we do now to prepare?
How can we maximize the funding we receive?
Examples of Collaboration

- Cross-agency collaboration
- Commitment from participating agencies
- Economies of scale, through partnerships, such as:
  - A regional managed system repository or service
  - Shared contracts for procurement
  - A single process for evidence submission, review and management across multiple law enforcement agencies
  - Multiple law enforcement agencies collaborating together on a single application (may increase agency size eligibility)

- Document Collaboration with MOUs, Letters of Commitment
Coordinating Funding Sources

1. Assign and empower a single agency to act as a clearinghouse

2. Share project plans

3. Catalog and communicate opportunities

4. Track submissions

5. Report on progress
Data-driven Project Development

- First, define all the data you want to track
- Assign responsibility for tracking
- Create a data-focused governance structure
- Catalog data sources
- Contemplate systems needed to aggregate and analyze data
- Review the effectiveness of the system regularly
- Update as needed
Resources and Services

What resources can we leverage for our proposals?
How can we integrate outside information?
